HENRY DUKE DAULTON

One of Maysville's Oldest Citizens
Passes Away

Mr. Henry D. Daulton, son of the late Thomas Daulton, died last evening at 5 o'clock at his home in West Second street, after a protracted illness. He had been confined to his bed however, only during the past four days. He was born in this city April 15th, 1843, and was for many years associated with his father and brother, the late Mose Daulton, in the livery business. He was modest and retiring in manner, and very popular with all who knew him.

He was a member of the Mill Creek Christian Church, having identified himself with the Church when a mere youth. He is survived by an only sister, Miss Mary Daulton, the last member of the immediate family. The funeral will take place tomorrow morning at 11 o'clock, from the Christian Church, in this city, with services by the Pastor Rev. Roger L. Clark, assisted by Rev. W. W. Hall. Interment in Maysville Cemetery.

MAYSVILLE WON

Yesterday—Swatted Cornell Freely
When Hits Meant Runs
and Swiped Notable
Victory

FRANKFORT, Ky., May 17th—Maysville hit Cornell freely when hits meant runs this afternoon and beat Frankfort with plenty to spare by a score of 7 to 2. Vance held the Low-masters safe all the way, being especially strong with men on bases.

The real feature of the game, aside from a home run by Giddo, was the poor umpiring of Mulligan. Each side conceded that he was about the worst ever. His wide numerous bad decisions, both sides suffering.

The score:
1 2 3 4 5 6 7 8 9 R. H. E.
Maysville... 1 0 1 0 1 0 3 0 1—7 11 3
Frankfort... 0 1 0 0 0 0 1 0—2 9 1

Two-base hits—Claver, Williams. Home Run—Giddo. Base on Balls—Off Cornell 3. Vance 1. Struck Out—By Cornell 5, Vance 1. Left on Bases—Frankfort 9, Maysville 6. Double Plays—Nicholson to Giddo, Clever to Williams to Cominsore. Wild Pitches—Vance. Passed Balls Giddo. Hit by Pitcher—Konnick by Vance, Giddo by Vance. Sacrifice Hits—Carmory, Clever, Sanford, Connors. Time—2:30. Umpire—Mulligan.

One More Word

Tomorrow night at 7:30 o'clock at the Christian Church the second meeting in my campaign for men will show how many will come to church to consider Christianity.

The first meeting was well attended and every man present seemed to be in earnest. That I would like to have a packed house with the standing-room-only, sign on the door tomorrow night.

I do not, however, want any man to come through mere curiosity. There will be absolutely nothing vulgar, gross, exaggerated or sensational about the sermon. Just what corn bread is on the table I shall try to make the sermon in the pulpit.

Last time a few came fearing that the preacher would bombard and lambast everything they did which he thought wrong. Perhaps some stayed away for this reason. They were disappointed.

If I ever hurt anybody it will be just as a dentist does when he pulls a tooth. But you come tomorrow night, Mr. Man, keep your mouth closed, breathe through your nose, have your ears open and your mind unprejudiced, and perhaps I may be able to do you good without any forceps.

Oh, yes! Please join in the singing. It will be fine.

Yes, the ladies always have right of way and are always welcome.

Finally, there will be a collection; but it will be taken upon the distinct understanding that no man is expected to give anything who is not able or who does not want to give.

I have now been after you for a week, Mr. Man. Do I have to invite you again to come tomorrow night? Are you in any doubt as to whether I mean YOU? Well, if I do, and if you are, here goes: Please come. I mean you and every other man in this town. How about your job? Let us talk it over tomorrow night. The service begins at 7:30 sharp, but the doors will be open and we can begin to shake hands at fifteen minutes to 7.

FOR PRESIDENT,
WILLIAM HOWARD TAFT.

Democrats welcome the third-term issue.

From what is the Colonel going to save the country? From Taft?

The Socialists are against war, and at the same time against Taft, who is the prince of peace.

The attacks on Taft's administration are calling attention to the greatness of his accomplishments.

Teddy is making a fearful noise, but as Taft says he isn't roaring as loud as he was a few weeks ago.

With a score of states sending double-header delegations to the Chicago convention some lively times are expected.

If the Republican party fails to renominate President Taft, it will go before the country saying, "We repudiate law enforcement, peace treaties and the keeping of national platforms."

Things are somewhat mixed this Anno Domini 1912. Theodore hasn't carried any State solid. Even in California Taft carried one or two Congressional Districts. So it was with Pennsylvania and many other states.

Now is the bulkiest time ever to settle this Roosevelt question. If the Constitution of the United States is to be used as a door mat at the White House by Theodore Roosevelt, why there will be something diddling in the the way of swatting. Teddy will hit the mat with the usual dull thud quite soon now.

The Irish home rule bill which was introduced by the House of Commons, April 11, and which has passed its second reading, provides for an Irish parliament—the Senate to have 40 members and the House 164. The collection of taxes is to remain in the imperial service; but a part is to be paid over to the Irish executive. An additional sum of \$2,500,000 is to be paid to Ireland the first year, and this will diminish by \$250,000 yearly until it is reduced to \$1,000,000. The postal services are to be handed over to Ireland. The Irish Parliament is to have power to reduce or to discontinue the imperial taxes, excepting the income tax and the stamp and estate duties. It will also have power to alter the excise duties, but except in the case of beer and spirits it is barred from adding to the customs duties anything which will give a greater increase than 10 per cent. The parliament can make no laws favoring or affecting any religious creed. The lord lieutenant of Ireland is to have the power of veto.

Reflections of a Bachelor.

Forgiving people their sins just starts them out to make a fresh score.

A woman wants her praise when she deserves it; a man wants his anyhow.

If a girl hears a man pay a compliment to anybody else she can never be sure he is to be trusted.

Some folks can take pride in how much more distinguished their family skeleton is than other people's.

A very useful thing about a chest of tools is all the things you could do with them if you could ever learn how.

The densest population per square mile is in Rhode Island, 508.5, and the lightest in Nevada with 0.7. Iowa dropped from 40.2 to 40.0. Massachusetts has 418.8, very nearly the population density of little Belgium, which our little Rhode Island considerably exceeds.

T. R. PLEASE NOTICE.

Don't break your word my boy. It means A stigma never ended.
A broken pledge is the one thing That never can be mended.

All the talk about William J. Bryan again being the Standard bearer of his party recalls the story of the two Irishmen, who, when the Nebraska last ran, were discussing politics over their dinner pails. On declaring that he was going to vote for Bryan, Pat's friend asked what he was going to do that for. "Oh, well," was the rejoinder, "I did it 12 years ago and eight years ago and we have had good times ever since."

Foolish Philosophy.

The ligot isn't half as big as he thinks he is.

Some men are liars who never even tried to catch fish.

Happiness that lasts is acquired on the installment plan.

The woman who makes a man feel cheap may cost him rather dear.

Can't you get along better with those you habitually wrangle with? Ever try?

An idealist can fool himself in exactly the same way a hundred times.

We are all in favor of reform. Why are we unable to put it into effect?

One may question a man's veracity without using the shorter word.

Every time I see the husband of a noted woman, I remark something that makes me think he doesn't like the job.

If a widower gets along well after his bereavement, he should be ashamed to show it.

It is no disgrace to be poor; but we are all sensitive about it.

Somehow it always seems disgraceful to see a horse hitched up with a mule.

In politics, a thing that can be done promptly is placed on the table, or ruled out of order, or referred to a committee?

If Abe Lincoln had the right to become the greatest statesman of his time, had John D. Rockefeller the right to become the greatest financier of his time?

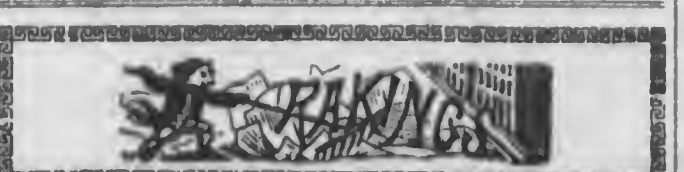

After a woman has been married three or four years she begins saying of her husband: "He used to wait on me, but now half the time he doesn't know I'm on earth."

Those of us who are not called upon to drown to prove our gallantry are very proud of the way the men acted when the Titanic was wrecked at sea.

A man who lives by politics can't understand why you don't take more interest in the primaries; and a bishop gives you rather more difficult tasks than you think necessary.

Probably no row is quite so red-hot as that which gets two people into the divorce court.

Women have wrongs, as all the world knows but if you want to know just how ruthless and terrible wrongs really are, ask a man to read off his list.—Ed Howe.

"PLENTY OF DAWGS."

The Harvester World, a Chicago publication, pokes fun at an Indian assessor who had trouble getting people to list their dogs for taxes.
"Got a dawg?" he asked.
"No," was the answer.
"Well, I'll see you one anyway—not my fault if you haven't got any—plenty of dawgs."

NATIONAL CAPITAL AFFAIRS

Speaker Is no Longer an Autocrat

WASHINGTON.—It is hard for old-time politicians, who have lived their day in Washington, to realize that the speaker of the house of representatives is no longer an autocrat. Any one desiring to get anything done in the house is now advised to see the speaker and Leader Underwood. They are the two head men of the Democratic branch of the Sixty-second congress. Neither of them can do things as completely and summarily as could the autocratic speakers of old, but when both of them undertake to get something done a good start has been made.

This status does not work as much to a speaker's disadvantage as one might suppose. As far as there is satisfaction in the exercise of authority, a speaker of the house is not as contented a man as his predecessors have been. But he also has an excuse for not complying with a great variety of impatient demands. And when the house carries through a policy or a

program, the speaker has the right to claim credit therefor, just as the president has the recognized right to appropriate credit for the achievements of his administration, even though the work and the responsibility were immediately shouldered by the subordinates.

As the prerogatives of the speaker have diminished in the present house, those of the chairman of ways and means have increased. This is not altogether due to the fact that this has been a tariff revision congress and that the ways and means committee has been busy with these revision bills. As chairman of the committee that selected the committees of the house (a task previously falling to the speaker), Mr. Underwood has also been recognized as the floor leader of the majority to an extent not noted before in many years. He has been the floor leader also in the party caucus.

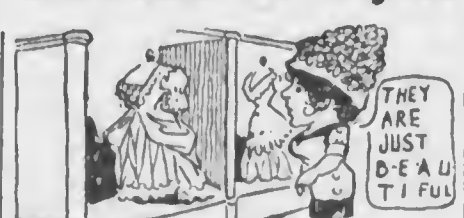

While Leader Underwood has had numerous loyal associates and has not hesitated to take advice and counsel, he has had to face several serious problems alone and virtually unaided and to work out the solution himself. Thus there has fallen to him many of the worries and vexations, which in the times gone have fallen to the speaker.

Capital City Has a Museum of Styles

MRS. CLEVELAND has announced that she will present to the nation her wedding gown. This will indeed be historical. Mrs. Cleveland, formerly Miss Frances Folsom, was a ward of President Cleveland, and married him during the second year of his administration. The wedding took place in the famous blue room of the White House, and was the first wedding to have been solemnized in that room so far as history has made any note. Also Mrs. Cleveland was the first woman to marry a president in the White House.

Mrs. Taft will present the magnificent gown which she wore at the inaugural ball. Martha Washington is represented in the collection by a satin gown, once white, but now yellowed by time. She wore it on occasions of state in Philadelphia and New York. The satin is brocade in garland design, and the slippers which accompany the dress are of the same pattern. These have been in the museum for many years. Mrs. Taft's gown is of white satin, embroidered in silver, in a graceful design of golden rod. The gown that belonged to Mrs. Andrew Jackson has been contributed by her great-grand-niece, Mary Wilcox, of Washington.

Mrs. Alexander Sharp, widow of Captain Sharp, U. S. N., who was a

nephew of Mrs. Grant, has given a gown once worn by Mrs. Grant in the White House.

Mrs. Samuel L. Gouverneur of New York, whose husband was the grandson of James Monroe, has given a suit of the clothes worn by Mr. Monroe at the French court when he was American minister there. She has also contributed a fancy dress worn by Mrs. Winfield Scott, wife of General Scott, at a costume ball in Paris in 1830. Mrs. Scott represented Pocahontas. The wonderful color of the feather and tinsel-trimmed costume are almost as vivid today as they were 80 years ago.

Mrs. John Hay has placed in the collection a court dress worn by Mrs. John Hay at the coronation of King Edward of England.

The purpose of the National Museum in collecting the gowns is to preserve to future generations these mementos of famous women. A permanent organization to perpetuate the work will be formed.

Uncle Sam Is the Biggest Publisher

THE government printing office at Washington, the biggest printing plant in the world, is busily engaged upon the publication of Uncle Sam's largest sets of books. These sets will comprise more than one hundred volumes, says Popular Mechanics, all of large size and costly binding.

First comes the report of the immigration commission, a body which devoted several years to investigating this subject in all parts of the world. This will comprise fifty-six volumes of from 600 to 1,200 pages each, a grand total of upward of 40,000 printed pages.

The report of the national monetary commission, which is now virtually complete, comprises 24 volumes, averaging 300 pages to the volume. Despite the cost of getting out such a reference work, the government is getting out a "first edition" of about 5,000 sets.

Little Girl Blows Cigarette Rings

"SHE smoked cigarettes, your Honor," so spoke Miss Elizabeth Mc-Masters, probation officer to Judge De Lacy in the juvenile court, as she pointed to a little flaxen-haired girl who was busy stretching a piece of gum to its limit.

"Why, that can't be possible," exclaimed Judge De Lacy in astonishment. "She doesn't appear to be more than ten years of age."

"She is twelve now and has been smoking for three years," continued the probation officer. "Just as soon as school is dismissed she roams the streets of Georgetown in search of butts and then retires to a woodshed in the rear of her home and consumes what she has gathered. She never smokes less than two cigarettes a day, and when the picking is good no one knows how many more."

"Yes, sir," piped the child, smiling at the judge, "I smoke, but I haven't had any today. Yesterday I got two

cigarettes. The picking was poor."

"How did you come to acquire such a terrible habit?" asked the court.

"I saw lots of boys smoking and they were sending up into the air all kinds of pretty circles and wreaths. So I just picked up a cigarette from the street when nobody was looking, lit it, and after several puffs, I could make just as nice circles."

The mother of the little girl told Judge De Lacy that she had never seen her daughter smoke, but had often noticed the fragrance of cigarettes on her breath. The child was placed on probation for six months.

WANTED FOUR POUNDS

Drank Water to Gain Weight

A Chicago man who wanted to join the police force drank enough water just before the examination, to bring him up to the standard weight. He was four pounds to light before.

This is a poor way to gain weight—George Muller, Jr., of New York City, knows a much better way. He says, "I was pale and thin for a number of years owing to poor blood. Tried several different remedies but without benefit until I came to Vinol. It is certainly the best tonic I ever bought. My appetite has returned, my weight is increasing right along and I feel 100 per cent. better than I have for a long time."

If you are thin and poor Vinol will increase your weight and give you new strength. Vinol is our delicious cod liver and iron preparation without oil, and is unequalled as a blood purifier and body builder, for all who are weak and run down. We guarantee it to please you—if it does not, we give back your money.

COUNTY BOARDS

To Pay Teachers and Many Other Changes Ordered by the State Board

Salaries of teachers of county schools are to be paid hereafter by the boards of each county, instead of by the State Board. This was settled at a meeting at Frankfort of the State Board Tuesday. It is composed of the Attorney General, Secretary of State and State Superintendent of Public Instruction.

Date for the election of the teachers has been changed to the third Saturday in June of each year.

At the same meeting it was suggested by Prof. McDougle that the teachers attending the annual institute be paid for the full time they are in attendance and attendance be made compulsory.

Heretofore the teachers have not been paid for attendance at the institute.

He also suggested abolishment of all fees, except the amount paid annually toward the library.

MINGLING OF BLUE AND GRAY

Suggestion for One Common Memorial Day While Yet the Veterans Are With Us.

Early in 1866, just after the close of the Civil War, Mrs. Mary A. W. Howard, widow of a confederate officer, suggested the setting apart of a day for placing flowers on graves of confederate soldiers and for appropriate memorial exercises. The idea was received with general approval, and April 26, that year, was made the occasion for the first confederate memorial observances.

This southern idea appealed to the sentiments of men and women of the north as worthy of imitation. In 1868, Gen. John A. Logan, then national commander of the Grand Army, issued an order calling for Memorial day exercises May 30.

The latter date has been retained as the time for the annual decoration of union soldiers' graves and public exercises commemorative of the lives and deeds of the men in blue. The ex-confederates in most of the states have continued to observe April 26, though the custom is not uniform.

On both sides, the rosters of the survivors who will participate in the memorial exercises are decreasing sadly, fearfully. In a comparatively short time all will have joined their comrades "on fame's eternal camping grounds."

There still is left time for both sides to unite in observing a general Memorial day. Nothing in all the world's history was ever so impressive as would be the mingling of the blue and gray in paying mutual tribute to the dead of the two armies who fought each other in the awful days of '61 to '65. Why not signalize present conditions and glorify future prospects by such an observance?—Col. M. A. Aldrich.

Are the Fly and Mosquito Dangerous?

The fly, with spongy feet, collects the invisible germs of diseases, spreads them over our food and poisons us with typhoid and cholera. The mosquito with its bite injects into our veins malaria and yellow fever. The bacteria of consumption, or grip, are everywhere present for us to breathe into our lungs. The blood which flows through our veins and arteries is our protection. It should contain healthy red and white blood corpuscles—capable of warding off these disease germs. Dr. Pierce's Golden Medical Discovery is a blood medicine and alterative made entirely without alcohol, a pure glyceric extract of bloodroot, golden seal, Oregon grape root, queen's root, mandarin and stone root, which has enjoyed a good reputation for over forty years. The refreshing influence of this extract is like Nature's influence—the blood is bathed in the tonic which gives life to the blood—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which has accumulated during the winter.

"About forty years ago while in Newark, New Jersey, I had chills and fever," writes Mr. MICHAEL MAGUIRE, of National Military Home, Kansas. "I went to Kansas City and in the spring of 1877 the chills and fever returned. Doctors and everything I tried failed to do me good. Finally I saw Dr. Pierce's Golden Medical Discovery advertised. I took one bottle of it and the chills vanished. In about a year afterward I felt them coming back so I got another bottle and have never had any more since. That is all of twenty years ago, for I had the chills about twelve years before I started to take 'Golden Medical Discovery.'"

They stopped the pain and regulated the kidney action."

Seventy-Two Years Old and Eight Pocketbooks Found in Dead Woman's Personal Effects

Yesterday's Bulletin.
Mr. Harry Welsh, is appraising the effects of the late Catherine Meehan at Washington Thursday, found eight pocketbooks that the aged lady had concealed in various parts of the house. Each contained only a small sum of money, consisting mostly of old coins.
Another discovery was a bottle of champagne made in 1840 and in Mrs. Meehan's possession for forty years. It was presented to her by a daughter, now residing in England, on some sort of a festive occasion, to whom it will be returned by Attorney Frank P. O'Donnell, in compliance with a request made by Mrs. Meehan before her death.

Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for anyone that it fails to cure. Send for list of testimonials.

WHAT SAVED HER LIFE

Mrs. Martin Tells About a Painful Experience that Might Have Ended Seriously.

Riversville, Va.—Mrs. Dora Martin, in a letter from Riversville, writes: "For three years, I suffered with womanly troubles, and had pains in my back and side. I was nervous and could not sleep at night.

The doctor could not help me. He said I would have to be operated on before I could get better. I thought I would try using Cardui.

Now, I am entirely well. I am sure Cardui saved my life. I will never be without Cardui in my home. I recommend it to my friends."

For fifty years, Cardui has been relieving pain and distress caused by womanly trouble. It will surely help you. It goes to the spot—reaches the trouble—relieves the symptoms, and drives away the cause.

If you suffer from any symptoms of womanly trouble, take Cardui. Your druggist sells and recommends it. Get a bottle from him today.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

WOMAN DIZZY PARTLY NUMB

Doctors Did Her No Good—Testifies How She Was Helped by Lydia E. Pinkham's Compound.

Zanesville, Ohio.—"Last fall I had female weakness very bad, and was nervous and run down. I was dizzy and had numb feelings and my eyes ached. I took doctor's medicines but they did me no good, so I decided to try Lydia E. Pinkham's Vegetable Compound. I did so, and now I feel stronger and better. I have told other women what Mrs. Pinkham's medicines have done for me and give you permission to publish this letter for the good of others."—Mrs. HULDA ERICKSON, 606 Maysville Avenue, Zanesville, Ohio.

More Proof.
Burlington, Iowa.—"For years I suffered a great deal from female troubles. I had awful pains and felt sick nearly all the time. I saw Lydia E. Pinkham's Vegetable Compound advertised and heard that it had helped other suffering women so I felt sure it would do me good. Sure enough it did. The first bottle helped me and now I am a strong and well woman. I would not be without it in the house."—Mrs. ANNA HIGGINS, 1125 Agency St., Burlington, Iowa.

There need be no doubt about the ability of this grand old remedy, made from the roots and herbs of our fields, to remedy woman's diseases. We possess volumes of proof of this fact, enough to convince the most skeptical. Why don't you try it?

Miss Sadie Ross of Sardis has succeeded Miss Kate of Vassburg at the Mayslick Telephone Exchange.

Regular meeting of Maysville Council No. 1377 K. of C. Sunday afternoon at 2 o'clock. A full attendance desired.

A WOMAN'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, neuralgia, lumbago, pain in the kidneys or neuritis, to write to her for a home treatment which has repeatedly cured all of these troubles. She feels it her duty to send it to all sufferers FREE. You cure yourself at home, as thousands will testify—no change of climate being necessary. This simple discovery banishes rheumatism from the blood, loosens the stiffened joints, purifies the blood and restores the system, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. SUMMERS, Box 10, South Bend, Ind.

ATTENTION, MEN!

Let McNamara make your Spring Suit. I represent E. W. Price & Co. of Chicago, the strongest line of made-to-measure clothes in the world at popular prices. The special size suits made as you want them from \$15 to \$25. Others must ask \$30 to \$40 for the same. This is the only house in the United States strong enough financially to control its own pattern, thus assuring you against being overcharged. Ask from the staples, not two patterns alike. Men, this line is a revelation. Remember, we dry clean; others try.

Repel all offers to supply ready-made glasses. Remember that both your eyes are not alike and the lenses in stock glasses are. Think over this proposition and you will see the necessity of having examined your eyes and fit you with glasses adapted to both eyes.
